

Titan Series Cadaver Stretcher

Key Features:

- 550 lbs (250 kg) weight capacity
- Height adjustable stainless steel surface
- Dual brake mechanism
- Stainless steel top designed to drain fluids away from body
- 8" (20 cm) wheel casters
- Storage area on lower base cover

The Amico Cadaver Stretcher uses an innovative design and incorporates distinct features to meet the needs of customers. This stretcher has the appearance of a standard stretcher, allowing the user to transport a concealed, deceased patient from the hospital to the morgue.

The Cadaver Stretcher offers key characteristics such as a sturdy, stainless steel surface, height adjustability, easy access storage on the base cover, and a foot activated brake system.
