DD-700-OBOB Combo Display Doppler

Newman Medical offers a full line of Doppler systems with the performance and durability you expect to meet your application - obstetrical or vascular. The DigiDop 700 Display Digital Doppler has unique features not found in other Doppler systems such as Digital Sound Clarity (DSC™). Each DigiDop is designed with the sensitivity you need while also designed to be tough and last through years of everyday office use. All our products are Made in the USA in Colorado. Each Newman Medical Doppler and probe must pass a series of comprehensive tests to assure quality and the durability of each product.
